Objective

I am a second-year student pursuing a degree in Computer Science Engineering with a strong passion for technology and software development. My journey in the world of technology has equipped me with a diverse range of skills, making me a well-rounded and capable individual in the field.

One of my core strengths lies in web development, particularly as a MERN (MongoDB, Express, React, Node.js) stack developer. I have honed my skills in building dynamic and interactive web applications using this modern stack, allowing me to create user-friendly and efficient solutions.

As a web developer, I take pride in crafting clean, responsive, and visually appealing websites. My experience in front-end and back-end development, combined with my proficiency in HTML, CSS, JavaScript, and various libraries and frameworks, enables me to create seamless digital experiences.

Personal Details

- Date of Birth : 05/08/2005
- Nationality : India

Skills

Web development	100%
Problem solving	80%

Language

- Hindi
- English
- Gujarati

Education

- **Darshan University, Rajkot**
Computer Science Engineering
- **Sankalp science School , Dhanera** 23/04/2022
Hsc

Projects

- **E-commerce website**
<https://coders-shop.netlify.app/>

- **Chating app**

Real time chat

<https://pchatting.netlify.app/>

- **Attendance counter**

Count and store attendance
